https://github.com/grantrisk

## SUMMARY

---

Versatile software engineer with a strong background in Salesforce development and service-based back-end architecture. Proficient in guiding development teams from initial ideation to successful deployment, with expertise in GitHub Actions CI/CD practices. Currently pursuing an AWS Developer certification to further enhance cloud development skills.

## SKILLS

---

*Programming Languages:* Apex, Java, Dart, HTML, CSS, JavaScript, Python

*Databases:* Firestore, Familiar with Non Relational & Relational Databases

*Frameworks:* LWC, Next.js, Flutter

*Tools:* Git, Github, Github Actions, Jira, Confluence, Vercel, Software Development Life Cycle

## WORK EXPERIENCE

---

### ***Ohanafy - Wilmington, NC***

11/2022 - 05/2024

Dynamic start-up specializing in Salesforce-driven solutions, catering to the craft beverage industry's financial, manufacturing, and distribution needs.

#### ***Software Engineer***

Works alongside Head of Product and other Ohanafy team members to develop on Salesforce using Apex (Java), JavaScript, HTML, and CSS. Provides support to sales and professional services departments for product demonstrations and customer implementations on an ad-hoc basis.

- Led a front-end rewrite for TTB reporting, reducing process time from 6 hours to 10 seconds through a new framework that generates tax reports on demand.
- Refactored internal architecture into a service framework, minimizing code duplication and reducing code for new features by 17% on average.
- Spearheaded the implementation and optimization of the CI/CD processes using GitHub and Salesforce, cutting deployment times by 12%.
- Mentored new developers, rapidly integrating them into project workflows, and played a key role in the recruitment process to ensure a good fit for the team.

## PROJECT

---

### ***Coastal Glo Mobile*** (Next.js, React, Vercel, AWS Lambda, AWS API Gateway)

An active Next.js website that is built for a business called Coastal Glo Mobile. It displays information about the spray tanning business like their tools used, services, FAQ, and a tab describing the business.

## EDUCATION

---

*University of North Carolina Wilmington - Wilmington, NC*

08/2019 - 12/2022

***Bachelor of Science, Computer Science***

GPA 3.9
